We are very grateful that the Foreign Affairs of the Estonian Republic has appreciated the municipality and the local people of Burashevo village, Tver Oblast, Kalinin District in Russia for keeping alive the memory of Konstatntin Päts, the First President of the Estonian Republic.

We kindly wish to present the Foreign Affairs of the Estonian Republic with the album of ``In the Tracks of Konstantin Päts `` in which we common people, `peoples` diplomats` recorded the activities in Burashevo since 1988 up to the day we fixed the place of the burial site of K.P. and marked it with the memorial stone and name plate and at the same time we are continuing to take care of the place and upgrading the collection of the local school museum .

The home page of konstantin-patsi-jalgedes.ee/ru/en/ has been followed by now in 100 countries all over the world.

The above passage is the dedication in the photo album.

But I will take the courage to express one of my thoughts.

When the Estonian Ambassador in Moscow visited Burashevo he presented the local museum with a 17 page brochure ``Konstantin Päts and Burashevo`` in Russian. I was lucky to get the brochure in Estonian at the Estonian National Heritage Society. This story ends in the year 1990 when Konstantin Päts was reburied in Metsakalmistu Cemetery in Estonia.

The brochure did not say a word nor the photo how the Museum of Burashevo maintains the memory of K.Päts. It was astounding that this kind of booklet was given to the Museum of Burashevo.

Sincerely,

Henn Latt, the author of the album, a dedicated pensioner, the contact person with the Burashevo School Museum.
