

Tallinn City Council

Mr. Mihhail Kõlvart, Chair of the Tallinn City Council

Mr. Toivo Tootsen and Mr. Mart Luik, Deputy Chairs of the Tallinn City Council

Members of the Tallinn City Council

We kindly request the Tallinn City Council to receive an album "In the footsteps of Konstantin Päts" that has been compiled by us, common citizens, or public diplomats.

In addition to the story about the discovery of the burial site, the album preserves the memory of the founder and the first president of Estonia, in the Burashevo village of Tver Oblast in Russia.

Also, we ask the esteemed City Council to discuss the possibility to erect monuments in the capital of our republic to preserve the memory of all Estonian presidents in a compact urban space, on a high artistic level. This knowledge would provide food for thought for our current presidents, as well as as our fellow citizens and visitors who would be standing in front of these monuments, discussing our country and its history.

At present, unfortunately, there exists in Tallinn's public space a monument not only to a neighbouring country's president who, we admit, also has provided a service to Estonia and its people.

We also are glad to report that our website konstantin-patsi-jalgedes.ee/ru/en has been viewed in 100 countries.

Happy continuing 100th anniversary of the Republic of Estonia!

Kind regards,

Henn Latt

Author of the album

/on behalf of compilers, translators, designers, visitors to Burashevo (Niina Peerna, Ketlin Puki, Adik Sepa, Gustav Laatsi, Ardo Niinre, etc./
